DETAILED ACTION

Election/Restrictions

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1 to 67, drawn to semiconductor device, classified in class 257, subclass 686.
- II. Claims 68 to 102, drawn to a method of making a semiconductor device, classified in class 438, subclass 15+. Inventions II and I are related as process of making and product made. The inventions are distinct if either or both of the following can be shown: (1) that the process as claimed can be used to make other and materially different product or (2) that the product as claimed can be made by another and materially different process (MPEP § 806.05(f)). In the instant case instead of removing portions of said material layer exposed through the mask, the method can be performed without the portions of material layer being applied.
